# City View Charter School

A tuition-free, public charter school in  
the Hillsboro School District

*Achievement through character,  
adventure and community service*

## OUR MISSION

---

City View Charter School strives to inspire students to reach academic excellence, build character and create high-quality work while contributing to a better world.

## OUR HISTORY

---

City View Charter School was started by a group of passionate parents in 2004 as the only charter school in the Hillsboro School District. Founding families decided upon the EL Education model to fill a need for a unique approach to hands-on, project based education. We started with only 15 students and now support 230 students in Kindergarten through eighth grade and 25 staff members.

## OUR MODEL

---

As part of the EL Education Network (formerly Expeditionary Learning) we use a set of practices, curriculum, character framework and professional development to support student achievement. This project based learning model is active, challenging and collaborative.

”

We are crew,  
not passengers.

“

## OUR COMMUNITY

---

We are a community of educators, students and parents working together to create a culture of respect, responsibility and joy in learning. We are Crew, not passengers, joining together on journeys that are both powerful and purposeful.
